Topic Title

Old City And New Vitality——Experimental Urban Design In Guangzhou

Topic Abstract

Guangzhou City thoroughly implements the instructions of Xi Jinping, General Secretary of the Central Committee of the Communist Party of China, to promote the "four new points", to focus on the "Belt and Road", to bring new opportunities and requirements for the Guangdong-Hong Kong-Macao Greater Bay Area, and to promote urban design pilot projects, to pursue quality of life, to let the "old city" glow with new vitality.

With the vision of building "a beautiful livable floral city and a vibrant global city", Guangzhou has proposed the urban design work method of "grasping the two ends and promoting the middle" to promote multi-level urban design compilation. Recently, the Guangzhou train will be launched in conjunction with the renewal of the old city. Exploring the design of the station, Huanshidong and other areas to improve quality and realize sharing. Hope that through the joint efforts of planners, architects and builders, Guangzhou will become a place where you can drink coffee and herbal tea!
