Topic Title

Study of Zhuhai Urban Design Process: Retrospection, Construction, practice

Topic Abstract

For many years, Zhuhai has been focusing on urban design and guiding urban construction. In 2017, the first batch of national urban design pilot cities was approved, which became an opportunity to promote the refined management and quality improvement of Zhuhai city.

The main purpose of this speech is to systematically sort out Zhuhai's urban design work and practice in recent years, and summarize relevant management and control experience. This speech consists of four parts: one is to sort out Zhuhai's urban design practice history, compilation status, and current status of management and control; the other is to introduce Zhuhai's "Four ones" urban design work content, corresponding to top-level design, management system, repair system, and informatization management and control system, systematic review and construction of Zhuhai's urban design work; the third is to summarize some of the highlights of Zhuhai's urban design work; the fourth is to introduce the practice of Zhuhai's urban design work through the case of Lovers Road.
